Voting!

We all make lots of decisions every day.
Write or draw one decision that you made today.

Voting is a way for groups of people to make decisions.
You can create your own ballots! Get people in your class or family to vote.

What should we eat for snack today?

Goldfish crackers 

Graham crackers 

Animal crackers 

Create your own ballot.

Write a question on the lines.

Write three choices on the three lines next to the boxes.

On a separate sheet of paper, draw your own ballots and make a copy for each person who will vote. Then cut them apart and give them to your family or friends so they can vote. You can vote about what to have for dinner, what game to play, what book to read before bed, or just about anything.

I Voted!

When grown-ups vote, they get a sticker to wear that states, "I voted."

Decorate these *I Voted* stickers for your friends or family when they vote.
